## **Psychiatrist Dr. Sabooh Mubbashar Joins Medical Staff at Sharon Hospital**

**Sharon, CT** – Sharon Hospital is pleased to announce the addition of Sabooh Mubbashar, MD, psychiatrist, to its medical staff. Dr. Mubbashar joins a comprehensive team at Sharon Hospital. “Dr. Mubbashar is a wonderful addition to our medical staff,” states Dr. Christine Naungayan, Medical Director, Senior Behavioral Health and Psychiatric Services at Sharon Hospital. “With his strong educational background and expertise in child through adult psychiatry, Sharon Hospital reinforces its psychiatry services offered to our community.” Dr. Mubbashar will be establishing a local private practice specializing in psychiatry for children, adolescents and adults.

Dr. Mubbashar received his medical training at the Rawalpindi Medical College, Pakistan. He graduated from the residency-training program in Adult Psychiatry at Yale University School of Medicine. Dr. Mubbashar completed his advanced fellowship training in Child and Adolescent Psychiatry at the Yale Child Study Center. Additionally, he completed his fellowship in Psychopharmacology at the Yale School of Medicine and West Haven’s Veteran’s Affairs Hospital. Dr. Mubbashar has been the recipient of multiple awards and medals during his academic career. He received the “Ira R. Levine Award” from Yale School of Medicine awarded to a physician for “clinical excellence and providing outstanding care to severely ill psychiatric patients.”

Additionally he has also been the recipient of the "President's Gold Medal" awarded for the highest grades obtained in a medical education entrance examination. He has published his clinical research in multiple indexed journals including clinical trials and has also presented his original research work at several international conferences, including the Society for Neuroscience's annual meetings.

Dr. Mubbashar is an active member of the American Academy of Child and Adolescent Psychiatry. Presently, he is engaged in practicing child, adolescent and adult psychiatry and holds special interest/expertise in advanced psychopharmacology. He is board eligible in Adult and Child/Adolescent Psychiatry and is licensed to practice in the state of Connecticut.
